

## **Managing the Design Process**

**June 23 and 24, 2005**

**9am to 4pm**

**LISC, 369 Pine Street, Suite 310, San Francisco, CA**

---

This two day training will provide tools to effectively manage the design process from the developer's perspective including becoming familiar with the web-based Design Advisor, AIA owner- architect agreements, the drafting language, reviewing plans, increasing design literacy and incorporation green building into the design process. Participants will learn when to offer input and how to be better equipped to get the design that best serves their unique set of circumstances.

### **About the Trainer**

**William Huang, Manager of Housing - Community Development Commission  
County of Los Angeles**

William Huang, licensed architect, is a long time trainer for LISC and Neighborhood Reinvestment Corporation. He has a broad range of experience in affordable housing development, design, construction management and finance. He is the former deputy director of the Los Angeles Community Design Center responsible for affordable housing development and architecture.
